Potential C.A.R. Motions for WSC 2023

**** There is little to no added cost to all of these proposed motions. They simply allow us an opportunity to take greater advantage of technology to help grow the NA Fellowship through discussion and mentorship.

Conference Participants Webinars

<u>Motion 1:</u> Stream all Conference Participants Webinars to a media platform accessible to all NA members (currently YouTube), in a manner similar to the current WSC, with a bare minimum of audio and video content.

- The bare minimum of content being an audio stream of the discussion and at least a screen share of the Presentation slides / Co-Facilitator's Screen / or some other fixed image. This manner would at minimum allow members to avoid being recorded with their faces on video from the media platform stream.
- Should the Conference Participants vote to allow a greater level of content to be streamed, such as faces, they would be within their rights to approve a greater level through the normal process of decision making. This motion is only concerning the minimum level, not the maximum level. We believe that there is a minimum level of content necessary for an enjoyable experience for those watching the stream from the currently used media platform.

Intent: To allow the entire NA membership a better understanding of what takes place during CP Webinars.

- This would also allow potential CP trusted servants a better understanding of what their role may be if elected to a CP position.

- This would also allow unseated Regions the opportunity to understand what happens during CP webinars, in turn allowing them an opportunity to make a better informed decision if they wish to seek seating at the WSC.

<u>Motion 2-A</u>: Allow all unseated regions who currently participate in a Zonal Forum that is recognized by the WSC (Both Voting and Non-voting Zones) the opportunity to attend all CP Webinars (in the actual virtual meeting) as observers

Intent: To allow unseated Regions an opportunity to understand the discussion and voting processes as they relate to CP Webinars.

 Attending the CP Webinars in the actual virtual meeting will allow the unseated Regions the opportunity to experience which buttons do what during the voting process, how much time people speaking have during discussion, how the chat feature is moderated, etc... All of these proceedings are integral for a successful and expedient meeting. Attendance would allow for the greatest level of mentorship possible for our young growing NA communities.

If Motion 2-A passes

<u>Motion 2-B</u>: Allow all unseated regions who currently participate in a Zonal Forum that is recognized by the WSC (Both Voting and Non-voting Zones) the opportunity to attend all CP Webinars (in the actual virtual meeting) and participate in all large group and small group discussions. (They will only be observers during the voting portions).

Intent: To allow unseated Regions the opportunity to experience Fellowship Development and Service Mentorship at the World Services Level.

 The high value of group discussion at the World Service Level is something that we hear expressed quite often when Delegate teams share their local community experiences with one another. Our fledgling communities would benefit from directly being involved in these discussions.

World Service Conference

Motion 3: Allow all unseated regions who currently participate in a Zonal Forum that is recognized by the WSC (Both Voting and Non-voting Zones) the opportunity to attend the WSC <u>virtually</u> (in the actual virtual meeting) and participate during all large group and small group discussions.

Intent: To allow unseated Regions the opportunity to experience the Fellowship Development and Service Mentorship at the WSC.

 The high value of group discussion at the World Service Level is something that we hear expressed quite often when Delegate teams share their local community experiences with one another. Our fledgling communities would benefit from directly being involved in these discussions.

**** We considered adding additional motions regarding the physical WSC and allowing participation in group discussion at the venue. However, we do not wish to bring forth a motion that could cause a greater expense to the physical WSC meeting at this time. That possible expense being: more space for unseated Regions in the physical meeting space.
